Organizational Accomplishments

Voter Registration Gains: The Iowa GOP has made remarkable gains in voter registration since January 2009.

December 2011 marked 34 consecutive months that the Iowa GOP outpaced the Iowa Democratic Party in voter registration gains.

In January 2009, Iowa Democrats held a voter registration edge of 115,917 over Iowa Republicans. Today, that edge has been cut by over two-thirds and stands at less than 30,000, which does not yet include the number of new Republican registrants from the January 3 Iowa Caucuses

During the 2010 cycle, only the Iowa GOP saw an increase in voter registration and Iowans registered with either Democrat or No Party affiliation dropped

Early Voting: Dramatically improved the Iowa GOP's performance on absentee and early voting results during the 2010 midterm election cycle.

83 percent ***increase*** in Iowa GOP absentee/early vote performance compared to 2006 midterms

95 percent Iowa GOP absentee return-rate a four percent increase compared to 2006 midterms

Iowa GOP petitioned for more satellite vote locations statewide than Iowa Democrats, dramatically increasing Republican share of vote

Statewide Victory Voter Program: The Iowa GOP's I-WIN 2010 voter program was the most aggressive, volunteer-based, midterm voter contact program ever launched by the Republican Party of Iowa.

Opening of Statewide Offices by Spring 2010: The Iowa GOP honored its pledge to open and staff ten statewide victory offices by June 2010

Record-breaking volunteer contacts: Volunteers made over 1.5 million volunteer voter contacts

Full-ticket support: For the first-time ever, the statewide Iowa GOP voter program was made available to all GOP candidates from Governor to county-level offices
